

Channel Irrigation Schemes Expression of Interest

Chairs and Members of Interim Boards

**Bundaberg, Burdekin-Haughton, Emerald,
Eton, Lower Mary, Mareeba-Dimbulah,
St George and Theodore.**

The Local Management Arrangements Independent Chair is calling for expressions of interest for positions of Chair and board members in each of the scheme areas to establish interim boards.

The objective of the interim boards is to investigate the feasibility of taking the schemes out of government and into local management arrangements where decision making is focused on local needs.

The boards will demonstrate how local management is in the best interests of scheme customers and the State of Queensland, and how it supports the government's commitment to doubling agricultural production by 2040.

The boards will undertake a due diligence process and submit business proposals to government for consideration by the end of November 2013.

The interim boards will comprise up to five skills-based members (including the chair). Two of the members will be independent or non-irrigator members. The positions are remunerated.

For a copy of the position description and draft board charter visit www.lmairrigation.com.au or email info@lmairrigation.com.au.

To be considered, submit expressions of interest by May 8, 2013, addressing the competencies and qualities, together with the names and contact details of two referees to the above email address. To discuss the role contact the Local Management Arrangements Independent Chair, Leith Bouilly on (07) 3405 0356.
